Concept Plan

Council will be undertaking minor works at Cole Reserve, Pascoe Vale this financial year. Works will be starting in November 2026 and should be completed by February 2027, weather permitting.

Upgrades will include:

- Replacement seating where existing seats are in poor condition.
- A circular path around the passive recreation area of Cole Reserve. This will mostly be a gravel path with concrete along the lower western side where gets boggy.
- New accessible drinking fountain with dog bowl near the shelter.
- Replacement post and rail fencing by the car park.
