Who is this course for?

Our courses are for those seeking to gain confidence to independently complete maintenance jobs around the home.

What's included

The course involves eight, two hour 'Basic Home Maintenance' sessions facilitated by volunteers. All the sessions will be hands-on.

What you will get out of it?

A sense of confidence that you can complete basic home maintenance tasks yourself plus gain friendships and networks with participants who may be in the same situation as yourself.

Topics covered during the course

Introduction and safety in the home, how to fix a leaking tap, how to use a battery operated drill safely, using a battery operated drill to construct a take home toolbox, how to replace a broken tile, how to repair a hole in the wall, preparation and painting

Cost

We charge a small \$20 refundable booking fee upon confirmation of enrolment. This will be refunded to the participant at the conclusion of the program. Terms and conditions apply
