| Date submitted to DELWP Date of gazettal 15 October 2015 Transitional provisions (Y/N) No. The control now applies to all applications from 15 October 2015. How it may affect you Amendment C123 consolidates the planning controls that apply to the Coburg Activity Centre. The amendment implements the land use and built form directions from the Central Coburg 2020 Structure Plan (2006), Colours of Coburg Place Framework and Strategies (2010), the community framework of The Coburg Initiative (TCI), and Pentridge Precinct master plans. Significant features of the amendment include: • Changes to the Local Planning Policy Framework to update references to the Coburg Principal Activity Centre • Introduction of a new Activity Centre Zone (ACZ) and schedule that will prescribe appropriate uses and built form controls • Preferred maximum building, street wall height controls and setback requirements • A mixture of uses, with an emphasis on retailing, offices, and higher-density living • Provision of new roads, pedestrian links and key public spaces • Overshadowing standards (minimum sunlight provision) to key public spaces • Overshadowing standards (minimum sunlight provision) to key public spaces • Overshadowing standards (minimum sunlight provision) to key public spaces • Overshadowing standards (minimum sunlight provision) to key public spaces • Overshadowing standards (minimum sunlight provision) to key public spaces • Overshadowing standards (minimum sunlight provision) to key public spaces • Overshadowing standards (minimum sunlight provision) to key public spaces • Overshadowing standards (minimum sunlight provision) to key public spaces • Overshadowing standards (minimum sunlight provision) to key public spaces • Overshadowing standards (minimum sunlight provision) to key public spaces • Overshadowing standards (minimum sunlight provision) to key public spaces • Overshadowing standards (minimum sunlight provision) to key public spaces • Overshadowing standards (minimum sunlight provision) to key pu | | | | |
| Transitional provisions (Y/N) No. The control now applies to all applications from 15 October 2015. Amendment C123 consolidates the planning controls that apply to the Coburg Activity Centre. The amendment implements the land use and built form directions from the Central Coburg 2020 Structure Plan (2006), Colours of Coburg Place Framework and Strategies (2010), the community framework of The Coburg Initiative (TCI), and Pentridge Precinct master plans. Significant features of the amendment include: • Changes to the Local Planning Policy Framework to update references to the Coburg Principal Activity Centre • Introduction of a new Activity Centre Zone (ACZ) and schedule that will prescribe appropriate uses and built form controls • Preferred maximum building, street wall height controls and setback requirements • A mixture of uses, with an emphasis on retailing, offices, and higher-density living • Provision of new roads, pedestrian links and key public spaces • Overshadowing standards (minimum sunlight provision) to key public spaces • Overshadowing standards (minimum sunlight provision) to key public spaces The amendment also introduces a Parking Overlay and schedule that applies Column B parking rates to all land in a Mixed Use Zone, Residential Growth Zone, Commercial Zones and Activity Centre Zone. As part of this amendment, the Minister for Planning also returned Responsible Authority Status back to Council for the former Pentridge Prison precinct. Where does it apply? Most land within the Coburg Principal Activity Centre, see plan over page. The parking overlay applies to all land in a Mixed Use Zone, Residential Growth Zone, Commercial Zones and Activity Centre Zone. All applications subject to a permit within the above defined boundaries and zones. http://www.moreland.vic.gov.au/planning-building/planning-scheme-amendments/amendments-approved-by-the-minister-for-planning/amendment-c123/ | · | | | |
