

FRASER RESERVE, BRUNSWICK WEST | DRAFT CONCEPT PLAN - PLAYSACE UPGRADE 2017 / 2018

Playspace 'refresh': expanded play area with new cantilever basket swing will complement existing equipment being refurbished in bright new colours, together with nature play including rocks and logs for stepping, clambering and balancing.

Planting of more trees for shade in play area as well as new garden beds to increase amenity and habitat value.

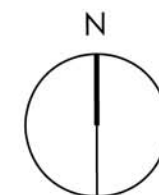

New park furniture including park seats to replace existing, extra picnic table plus a drink fountain with dog dish.

New Fencing & gates will replace timber log barriers across Hopetoun Ave frontage including child safe gates at each entry path.

Council has allocated funds in the current financial year for a range of improvements in this local reserve and is inviting community feedback on what is proposed. As shown in the plan above these include a re-designed playspace and new park furniture. New fencing along the boundary on Hopetoun Avenue to increase the available park space is also proposed. For any queries please contact **Andrew Blight, Landscape Architect** on telephone **8311 4391**. Send your feedback by email abligh@moreland.vic.gov.au All submissions must be made by the close of consultation on Tuesday 3rd April 2018. The final concept plan is subject to budget provision and any feedback received.
