# Cafe Tables and Stools B120.03

---

## DESIGN STATEMENT

Public cafe tables and stools are used to stimulate outdoor dining where footpath dining is not yet established. This seat provides variation of public seat setting which is sturdy yet inviting. Bolted down installation for the furniture allows future relocation.

## APPLICABLE LOCATION

Small shopping strips, as specified.

## COUNCIL STANDARD DRAWING

N/A

## CROSS REFERENCE DOCUMENT

- Merri-bek Small Shopping Strip Public Domain Manual

## STANDARD SPECIFICATION

**Type:** Cafe table and stools

**Slats Finish:**

- Option 1 - Recycled composite timber 'Walnut' EnviroSlats
- Option 2 - Hardwood timber slats size 30x40mm.

**Frame:** Welded metal sheet with black paint on the metal frame using 2-pack paint protective coating.

**Dimension:** Table dia.600mm; stool dia.360mm. Ensure adequate spacing is provided around the seat.

**Installation:** Use minimum two stools with a table. Bolt down fixing on concrete.

## SUPPLIER

Commercial System Australia, Furphy Foundry, or similar.

## MAINTENANCE

**Council Roads Unit:** Hardwood located in outdoor areas should be initially re-coated after 3 months, and every 6 months thereafter. Re-coating should be done with coats of timber oil. For degraded surface which appears greying and checking, a light sanding is recommended to freshen up the timber.

**Street Cleansing Unit:** Remove graffiti when required with graffiti remover for timber slats, or rub with metal scourer for composite timber slats. Paint on metal can be recoated using similar paint after detergent degreasing and light abrasion.

## GENERAL NOTES

1. Refer to manufacturer's installation manual
