
Park Bin Surround B140.03

DESIGN STATEMENT

The selected Park Bin Surround is a custom design for Merri-Bek City Council. It has a silver metallic frame with embedded section of composite slats.

The top opening is wider than the streetscape bin surround for ease of use by park patrons depositing their waste. The rolled hoop prevents inappropriately larger waste items being deposited and rain entering the bin.

The hinged opening has a durable catch and locking mechanism.

APPLICABLE LOCATIONS

Merri-bek open space premier parks and large district parks such as Coburg Lake or Harmony Park.

Bin surrounds are generally not installed in local parks, the preference being for use of a Park Bin Stand.

COUNCIL STANDARD DRAWING

B140.03 Park Bin Surround.

CROSS REFERENCE DOCUMENT

- B140.04 Park Bin Stand.

STANDARD SPECIFICATION

Furniture supplier to develop shop drawing for Council's approval using the Park Bin Surround detail as input.

Typical dimensions 240 litre bin: L660 x W600 x H1060mm.

Frame: 316 stainless steel with large square opening.

Finishes: 2 Pak painted body and door (Silver FX Pearl or similar approved).

Inlaid: composite slats infilled on two sides (3 x 137mm slats)

Fixing: bolt-down as detailed and as per manufacturer's specifications.

SUPPLIER

Draffin or similar approved.

MAINTENANCE

Aside from waste emptying, clean down external/internal areas of bin. Ensure door still locking correctly and bolts still holding bin in place. Knock out any minor dents in the frame. Inspect composite for any damage and address with supplier.

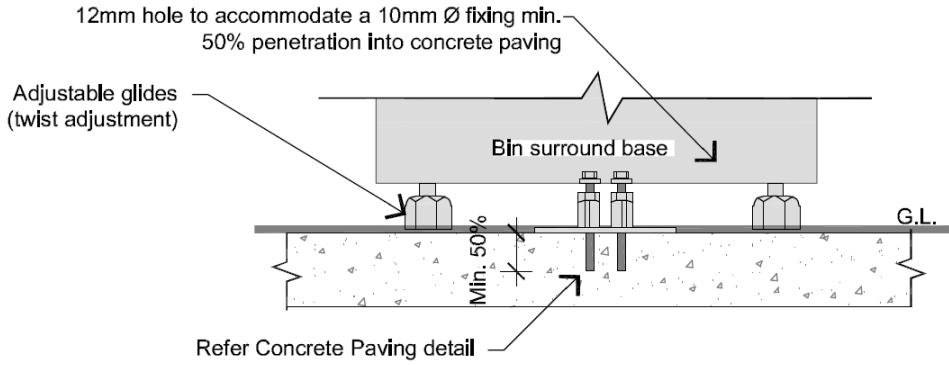

GENERAL NOTES

1. Refer to manufacturer's specifications for installation.

B140.03 Park Bin Surround

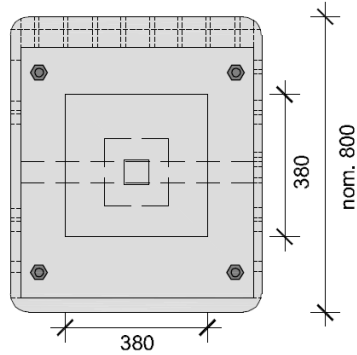

Notes:

- Park bin surround to typically fit 240 litre plastic bin unless otherwise specified.
- Refer to Merri-Bek City Council specification notes for Parks Bin Surround.
