1. Introduction

This Procurement Policy (Policy) is made under Section 108 of the [Local Government Act 2020 \(the Act\)](#). The Act requires each council to:

- Prepare and adopt a procurement policy which specifies the principles, processes and procedures applying in respect of the purchase of goods and services and carrying out of works by the Council; and
- Review its Procurement Policy at least once during each 4-year term of the Council.
- This Policy has been developed collaboratively by the Northern Councils Alliance with a view to facilitating smooth collaborative procurement processes, consistent with the Act. This Policy also incorporates content that is specific to the Council and may differ from that of the other NCA councils and is intended to apply only to procurement involving the Council.

2. Purpose

The purpose of this Policy is to:

- Provide a procurement framework for the Council to achieve value for money in the procurement of goods and services.
- Assist in advancing the Council's sustainability and social objectives.
- Ensure continuous improvement in the provision of services for the community.
- Ensure that Council resources are used efficiently and effectively.

3. Scope

This Policy applies to all contracting and procurement activities at the Council and is applicable to Councillors, Council Staff and any persons undertaking procurement on behalf of Council.

It is recognised this will enhance achievement of the Council's objectives such as sustainable and socially responsible procurement, supporting local economies and obtaining value for money, leading to a better result in the provision of goods, services and works for the benefit of the community.

This Policy provides direction on the conduct of procurement activities throughout the sourcing, management, and disposal phases. It also covers the general procurement framework but does not extend to the related accounts payable processes.

The Council must comply with this Procurement Policy before entering into a contract for the purchase of goods or services or the carrying out of works.

4. Objectives

This Policy is consistent with the requirements of S108(2) of the Act and will:

- Seek to promote open and fair competition and provide value for money;
- Provide clear guidelines to the Council to allow consistency and control over procurement activities;
- Demonstrate accountability to ratepayers and residents;
- Provide guidance on ethical behaviour in public sector procurement;
- Demonstrate the application of best practice in procurement activities;

- Demonstrate the consideration of sustainability in procurement with respect to social, economic and environmental factors;
- Increase the probability of obtaining the best outcome for the municipal community when procuring goods and services;
- Seek to undertake collaborative procurement in accordance with section 6.1.4.3(e) of this Policy; and
- Seek to be consistent with Merri-bek’s Human Rights Policy.

These objectives will be achieved by requiring, that the Council’s contracting, purchasing and contract management activities:

- Support the Council’s corporate strategies, aims and objectives;
- Span the whole life cycle of an acquisition and take sustainability considerations into account;
- Achieve demonstrable value for money;
- Are conducted in, and demonstrate an impartial, fair and ethical manner;
- Seek continual improvement through innovative and technological initiatives; and
- Generate and support Local and Social Business through inclusion wherever practicable.

5. Definitions

Term	Definition
Act	Local Government Act 2020 .
Collaborative Procurement Arrangement	A contract established by the Council, government or a nominated agent, such as Procurement Australasia, Municipal Association of Victoria (MAV), Northern Region Group of Councils or local government entity, for the benefit state, federal and/or local government entities that achieves best value by leveraging combined economies of scale.
Commercial in Confidence	Information that, if released, may prejudice the business dealings or commercial interests of Council or another party, e.g., prices, discounts, rebates, profits, methodologies, and process information, etc.
Contract Management	The process that ensures all parties to a contract fully meet their respective obligations as efficiently and effectively as possible, in order to deliver the contract objectives and provide value for money.
Council	Merri-bek City Council
Councillors	Council’s elected representatives (the Mayor and Councillors) or Administrator(s) appointed to act in this capacity.
Council Staff	Includes all Council officers, temporary employees, contractors, volunteers, and consultants while engaged by Council.
First Nations	Refers to Aboriginal and Torres Strait Islander people.
Term	Definition

First Nations Business	A First Nations Business is one that is at least 50% owned by a First Nations person(s) (consistent with Supply Nation's definition).
First Nations Procurement Target	A 1% procurement target will be calculated as the number of First Nations businesses the department enters into purchase agreements (Contracts and Purchase Orders) with, divided by the number of small to medium enterprises (SMEs) that Council enters into Contracts and Purchase Orders with.
IBAC	The Independent Broad-based Anti-corruption Commission
Local Business	A commercial business with an operational premises that is physically located within the municipal borders of the 7 Northern Regional Councils.
Northern Councils Alliance (NCA)	The 7 Councils comprising the NCA, being the Cities of Banyule, Darebin, Hume, Merri-bek and Whittlesea and Mitchell and Nillumbik Shire Councils.
Probity	Within government, the term "probity" is often used in a general sense to mean "good process". A procurement process that conforms to the expected standards of probity is one in which clear procedures that are consistent with the Council's policies and legislation, are established, understood, and followed from the outset. These procedures need to consider the legitimate interests of suppliers and ensure that all potential suppliers are treated equitably.
Procurement	Procurement is the whole process of acquisition of external goods, services and works. This process spans the whole life cycle from initial concept through to the end of the useful life of an asset (including disposal) or the end of a service contract.
Schedule of Rates Contract	A standing offer arrangement based on a Schedule of Rates contract that sets out rates for goods and services which are available for the term of the agreement but without a commitment to purchase a specified value or quantity of goods or services.
Small to medium enterprise (SMEs)	An actively trading business with less than 200 employees
Social sustainability or enterprise	Social sustainability focuses on the social aspects of sustainability and social equity; addressing disadvantage and is underpinned by the principles of human rights that encompass respect for diversity. This is exemplified by acceptance, fairness, compassion, inclusiveness, and access for people of all abilities. A focus is also placed on people who are under-represented and with less opportunity.
Term	Definition

Sustainability	Activities that meet the needs of the present without compromising the ability of future generations to meet their needs.
Tender Process	The process of inviting parties from either a select list or via public advertisement to submit an offer by tender followed by evaluation of submissions and selection of a successful bidder or tenderer in accordance with pre-determined evaluation criteria.
Total Contract Sum	The potential total value of the contract including: <ul style="list-style-type: none"> • costs for the full term of the contract, including any options for either party to extend the contract; • applicable goods and services tax (GST); • anticipated contingency allowances or variations; • all other known, anticipated and reasonably foreseeable costs.
Value for money	Value for money in procurement is about selecting the supply of goods, services and works taking into account both cost and non-cost factors including: <ul style="list-style-type: none"> • Non-cost factors such as contribution to the advancement of Council's priorities, fitness for purpose, quality, service, and support; and • Cost-related factors including whole-of-life costs and transaction costs associated with acquiring, using, holding, maintaining, and disposing of the goods, services or works.

6. Policy details

6.1 Procedures

6.1.1 Treatment of GST

All monetary values stated in this policy include GST unless specifically stated otherwise.

Effective Legislative and Policy Compliance and Control

6.1.2 Ethics and Probity

6.1.2.1 Requirement

The Council's procurement activities shall be performed in an open, transparent, and ethical manner with demonstrated integrity, fairness and accountability that meets relevant legal requirements.

All tender processes shall be conducted in accordance with the requirements of this Procurement Policy and any associated procedures, relevant legislation, relevant Australian Standards, Commercial Law and the Act.

6.1.2.2 Conduct of Councillors and Council Staff

Councillors and Council Staff shall at all times conduct themselves in ways that are in accordance with the Councillor Code of Conduct or the Staff Code of Conduct respectively, and will perform their duties ethically and with integrity and must:

- Treat potential and existing suppliers with equality and fairness;

- Not use their position to seek or receive personal gain in procurement matters;
- Maintain confidentiality of Commercial in Confidence information;
- Present the highest standards of professionalism and probity;
- Afford suppliers and tenderers with the same information and an equal opportunity to tender or quote for goods, services and works contracts;
- Be able to account for all decisions and demonstrate and provide evidence of the processes followed;
- Not perform any work under any Council contracts they are supervising i.e. Council Staff cannot also work for the relevant supplier;
- Query incidents, decisions or directions that appear to contradict or deviate from Council's standards of ethics or probity or established policies and procedures; and
- Ensure that this Procurement Policy and Council's Procurement Guidelines are adhered to in relation to any expenditure of Council funds.

6.1.2.3 Conflict of Interest

Councillors and Council Staff shall at all times avoid situations which may give rise to an actual or perceived conflict of interest. A conflict of interest may be a 'general' or a 'material' conflict of interest.

A member of Council Staff has a general conflict of interest in a matter if an impartial, fair-minded person would consider that the person's private interests could result in that person acting in a manner that is contrary to their public duty.

A member of Council Staff has a material conflict of interest in a matter if an affected person would gain a benefit or suffer a loss depending on the outcome of the matter. The benefit or loss may be direct or indirect and pecuniary or non-pecuniary. Affected persons include, among others, the member of Council Staff and their family members.

Council Staff involved in the procurement process, in particular preparing tender documentation, writing tender specifications, opening tenders, participating in tender evaluation panels, preparing a recommendation report; and Councillors and Council Staff awarding tenders must:

- **Avoid** conflicts of interest, whether material or general or actual, potential or perceived;
- **Declare** that they do not have a conflict of interest in respect of the procurement. All Council Staff participating in tender evaluation panels must complete a Conflict of Interest declaration. Council Staff must declare any actual or perceived conflicts in line with Council's internal processes for reporting conflicts of interest; and
- **Observe** prevailing Council and Government guidelines on how to prevent or deal with conflict of interest situations; and not take advantage of any tender related information whether or not for personal gain.

6.1.2.4 Fair and Honest Dealing

All prospective contractors and suppliers must be treated impartially and afforded an equal opportunity to tender or submit a quotation.

Any suspected improper conduct, including suspected fraud, corruption, substantial mismanagement of public resources, risk to public health and safety, risk to the environment, or detrimental action should be managed in accordance with Council's internal policies and processes.

6.1.2.5 Probity, Accountability and Transparency

Accountability in procurement means being able to justify and provide evidence of the process followed. An independent third party must be able to see clearly that a process has been followed and that the process was fair and reasonable.

Council Staff must be able to account for all procurement decisions and ensure all procurement activities leave an audit trail for monitoring and reporting purposes.

6.1.2.6 Gifts and Benefits

No Councillor or member of Council Staff shall seek or accept any immediate or future reward or benefit in return for the performance of any duty or work for Council or where it could be reasonably perceived as influencing them or their position or undermining their integrity or the integrity of the process in some way.

Any gift or benefit offered to a Councillor or Council Staff will be managed in accordance with Council's internal policies and processes.

Councillors and Council Staff, particularly contract supervisors:

- must not knowingly visit a current supplier's premises without invitation when acting in their official capacity; and
- must not knowingly engage a Council supplier for private benefit unless that engagement is on proper commercial terms.

6.1.2.7 Disclosure of Information

Commercial in Confidence information received by the Council must not be disclosed and is to be stored in a secure location.

Councillors and Council Staff must take all reasonable measures to maintain confidentiality of:

- Information disclosed by organisations in tenders, quotation or during tender negotiations; and
- Commercial in Confidence information.

Councillors and Council Staff are to avoid references to current or proposed contracts in discussion with acquaintances or outside interests.

Discussion with potential suppliers during tender evaluations should not go beyond the extent necessary to resolve doubt on what is being offered by that supplier.

At no stage should any discussion be entered into which could improperly influence the procurement process or negotiation of a contract prior to the contract approval process being finalised, other than authorised pre-contract negotiations.

6.1.2.8 Complaints & Reporting suspicious activities

Complaints Handling

Members of the public and suppliers, are encouraged to report known or suspected incidences of improper conduct to the CEO. Councillors and Council Staff will report and manage complaints in accordance with Council's internal policies and processes.

Reporting Suspicious Activities

All Councillors, Council Staff and Council suppliers are required at all times to act honestly and with integrity and to safeguard the public resources for which they are responsible. Council is committed to protecting all revenue, expenditure and assets from any attempt to gain illegal benefits (financial or otherwise).

Council will take all reasonable steps to protect those who assist Council by providing information about suspected fraud. This will include confidentiality of identity and protection from harassment, to the extent possible.

Suspected improper conduct, offers of bribes, commissions and any other irregular approaches from suppliers, prospective suppliers or other individuals will be investigated and reported in accordance with Council's internal policies and processes.

The CEO must notify IBAC of any matter they suspect on reasonable grounds to involve corrupt conduct occurring or having occurred in accordance with mandatory reporting requirements under the *Independent Broad-based Anti-Corruption Commission Act 2011*.

6.1.3 Governance

6.1.3.1 Structure

Council has delegated a range of powers, duties, and functions to the CEO in relation to procurement. The delegation aims to ensure that the Council's procurement structure operates according to processes that:

- Are flexible enough to procure in a timely manner the diverse range of goods, works and services required by Council;
- Guarantee that prospective contractors and suppliers are afforded an equal opportunity to tender or submit a quotation; and
- Encourage competition and collaboration, even where the CEO runs a procurement process under delegation.

6.1.3.2 Methods

The Council's standard methods for procuring goods, services and works shall be by any of the following:

- Purchase order following a quotation process from suppliers for goods or services that represent best value for money under the quotation thresholds adopted by the Council. An approved purchase order must be created prior to committing expenditure on behalf of Council for the provision of services, goods or works in accordance with the Council's procurement thresholds and guidelines;
- Under contract following a quotation or tender process;
- Using Collaborative Procurement Arrangements;
- Multi-stage tenders commencing with an EOI followed by a tender process;
- Under a sole-sourcing arrangement in line with the conditions contained in Section 6.1.4.2(c); and Purchasing Cards; unless other arrangements are authorised by Council or under appropriate delegated authority on an 'as needs' basis as required by abnormal circumstances such as emergencies.

6.1.3.3 Responsible Financial Management

The principle of responsible financial management shall be applied to all procurement activities. Accordingly, to give effect to this principle, the availability of existing funds within an approved budget or source of funds shall be established prior to the commencement of any procurement action for the supply of goods, services or works.

Council funds must be used efficiently and effectively to procure goods, services and works and every attempt must be made to contain the costs of the procurement process without compromising any of the procurement principles set out in this Policy.

6.1.4 Procurement Thresholds and Competition

Wherever it would likely achieve best value, procurements will be arranged under a relevant contractual arrangement established in accordance with Section 108 of the Act and this Procurement Policy.

In every procurement activity all practicable efforts will be made to consider the sustainable procurement considerations as listed in Section (6.1.11.2).

Council will invite offers from the supply market for goods, services and works in accordance with the thresholds listed in Appendix 1.

6.1.4.1 Procurement Principles

Council will apply the following fundamental best practice principles to procurement, irrespective of the value and complexity of that procurement:

- Value for money;
- Sustainability (social, economic and environmental);
- Open and fair competition;
- Accountability;
- Risk management; and
- Probity and transparency.

6.1.4.2 Procurement Methodology

Section 108 of the Act details that each Council will set the public tender threshold above which tenders or expressions of interest for contracts must be publicly invited.

A public tender process must be used for all procurements valued at \$300,000 and above (incl. GST) for goods, services or works.

For procurements under \$300,000 (incl. GST), the procurement methodology and thresholds detailed in Appendix 1 will apply.

a) Exemptions from tendering

The following circumstances are exempt from the general publicly advertised tender, quotation, and expression of interest requirements.

Exemption Name	Explanation, limitations, responsibilities, and approvals
1. A contract made because of genuine emergency or hardship	Where the Council has resolved that the contract must be entered into because of an emergency (e.g., to provide immediate response to a natural disaster, declared emergency).
2. A contract made with, or a purchase from a contract made by, another government entity, government-owned entity or other approved third party.	This general exemption allows engagements: <ul style="list-style-type: none"> • With another government entity or government owned entity. For example, Federal, State or Local Government or an entity owned by the Federal, State or Local Government; and/or • In reliance on contracts and arrangements established by another government entity, local authority or local government group purchasing scheme, Municipal Association of Victoria (MAV) or National Procurement network members (e.g., Local Buy), Procurement Australia (PA).

Exemption Name	Explanation, limitations, responsibilities, and approvals
3. Extension of contracts while Council is at market	Allows Council to extend an existing contract where the procurement process to replace the contract has commenced, and where the tender process or negotiations will take or are taking longer than expected. This exemption may be used when the establishment of an interim short-term arrangement with an alternative supplier is considered not to be in the public interest, as it may be cost prohibitive and/or present a risk in the delivery of critical public services to the municipality.
4. Professional services unsuitable for tendering	Legal Services Insurance
5. Novated Contracts	Where the initial contract was entered into in compliance with the Act and due diligence has been undertaken in respect to the new party.
6. Information technology resellers and software developers	Allows Council to renew software licenses and maintenance and support, or upgrade existing systems, where there is only one supplier of the software, who holds the intellectual property rights to the software.
7. Regional Waste and Resource Recovery Groups	Situations where a Regional Waste and Resource Recovery Group constituted the Environment Protection Act 1970 had already conducted a public tender for and on behalf of its member councils.
8. Statutory Compulsory Monopoly Insurance Schemes	Motor vehicle compulsory third party WorkCover
9. Operating Leases	Where a lessor leases an asset (generally a vehicle or plant and equipment) to the Council and assumes the residual value risk of the vehicle.
10. Other specific Council exemptions	Defined in Appendix 3. Specific Council exemptions will be reviewed and updated in Appendix 3 from time to time, as per the Policy Review Process Section 8.1.

b) Contract Variations

All contract variations must be assessed to determine whether they are properly characterised as variations, or whether they are in effect a new contract. This will depend on factors like:

- The monetary value of the proposed variation, i.e., the value of the variation in the context of the thresholds fixed by the Procurement Policy; and
- The subject matter of the proposed variation, and whether it is consistent with the scope of the original contract.

c) Sole or select sourcing.

Supply of goods, services or works can be sought from one supplier (sole sourcing) or a restricted group of suppliers (select sourcing) where it is consistent with this Procurement

Policy and:

- It is in the public interest;
- There is one or a limited number of available tenderers in the market or suppliers able to submit quotations;
- The marketplace is restricted by statement of license or third-party ownership of an asset (excluding public utility plant); or
- Council is party to a joint arrangement where Council jointly owns the Intellectual Property with a third-party provider.

Sole Sourcing:

If there is a current procurement or disposal process in place, that process must be terminated prior to sole sourcing being implemented. Sole sourcing is subject to existing delegations.

6.1.4.3 Public Tender Requirements

All public tenders invited by the Council will be published via Council's eTendering Portal and may be advertised in the media. This can include communication channels most used by diverse communities and businesses (e.g., First Nations Media).

Information regarding Current Tenders and Awarded Tenders will be published on Council's website.

a) Tender Evaluation

A tender evaluation panel will be established to evaluate each tender submission against the tender's selection criteria. Tender evaluation panels can include external personnel in order to ensure the best outcome for a procurement activity and must comprise of at least 3 persons including a chairperson.

A detailed Tender Evaluation/ Procurement Plan shall be developed, approved, and strictly adhered to by that panel. Amongst other things, this involves the establishment of more detailed evaluation criteria (i.e., than those published with the tender) and the application of a pre-approved and robust weighted scoring system.

The Tender Evaluation/Procurement Plan should be completed and signed off prior to the tender being issued.

b) Evaluation Criteria

The Council may include the following evaluation criteria categories to determine whether a proposed contract provides value for money:

- Mandatory Compliance criteria (e.g., ABN registration, OH&S, Fair Work Act);
- Tendered price;
- Capacity of the Tenderer to provide the goods and/or services and/or works;
- Capability of the Tenderer to provide the Goods and/or Services and/or Works; and
- Demonstration of sustainability (social, economic, and environmental).

c) Probity Advisor

A formal probity plan should be developed, and a probity advisor appointed in the following circumstances:

- Where the proposed Total Contract Sum exceeds \$10 million over the life of the contract or for a lesser value set by Council from time to time; or
- Where a proposed contract is considered by Council or the CEO to be particularly complex, of a high risk or controversial nature, and requiring a high level of public confidence.

A probity advisor may be appointed to any tender evaluation panel and may be appointed to oversee the evaluation process.

d) Shortlisting and Negotiations

Council may conduct a shortlisting process during EOI, tender and quotation processes. Shortlisting can be based on any criterion or criteria but only in pursuit of the most advantageous outcome for the Council.

Shortlisted tenderers may be invited by the Council to submit a best and final offer in relation to all or certain aspects of their respective tenders. Once a preferred tenderer/s is/are selected, negotiations can be conducted in order to obtain the optimal solution and commercial arrangements, within the original scope and intent of the tender. Probity requirements apply to all negotiations.

e) Collaborative Procurement

In accordance with section 108(c) of the Act, the Council will give consideration to collaboration with other Councils and public bodies or utilise Collaborative Procurement Arrangements, when procuring goods, services and works in order to take advantage of economies of scale.

Council Staff must consider any opportunities for Collaborative Procurement in relation to a procurement process undertaken by Council. Any Council report that recommends commencing a procurement process must set out information relating to opportunities for Collaborative Procurement, if available, including:

- The nature of those opportunities, if any, and the councils or public bodies with which they are available; and
- Why Council did, or did not, pursue the identified opportunities for collaboration in relation to that procurement process.

When collaborating with the NCA, the Council will do so in accordance with the following:

- The NCA will develop a consolidated contract register to identify joint procurement projects on an annual basis.
- Council contracts with a minimum value of \$1 million per annum (per Council), for the ongoing supply of goods or provision of services or works, other than projects that are unique to an individual Council (e.g., unique construction or works projects), will be included in the consolidated contract register for collaboration consideration;
- Other contracts which, due to the subject matter, nature or scope, are likely to deliver operational efficiencies if procured in collaboration with the NCA, must be included in the consolidated contract register for consideration as a possible joint procurement opportunity;
- Where Collaborative Procurement is to be pursued:
 - A pre-market approval submission will be submitted to each Council and the NCA prior to commitment to collaboration, seeking delegation of contract approval to CEOs;
 - The NCA will establish a Heads of Agreement that gives authority for a lead council to act as each Council's agent in the Collaborative Procurement;
 - Each of the Councils who participate will be able to enter into a contract with the preferred supplier identified through the Collaborative Procurement process, or may choose as a group to enter into a contract using "jump in/opt-in" contract provisions during the contract term, or with the Council which conducted the public tender; and
 - Each participating council must be involved in:
- The initial decision to undertake the Collaborative Procurement;
- Preparation of, and agreement to, the specifications;
- Ensuring probity for the Collaborative Procurement; and

- The acceptance of tender(s) and awarding of contract(s).

Furthermore, Council may collaborate with other Councils or other bodies such as MAV Procurement or Procurement Australasia to procure goods, services or works, or utilise existing Collaborative Procurement Arrangements for the procurement of goods, services or works established through a public tender process where it provides an advantageous, value for money outcome for the Council.

Any Federal or State Government grant funded projects may be excluded from collaborative procurement.

6.1.5 Delegation of Authority

6.1.5.1 Requirement

Delegations define the limitations within which Council Staff are permitted to commit Council to the procurement of goods, services or works and the associated costs. The Instrument of Delegation allows specified Council Staff to undertake certain purchases, quotation, tender and contractual processes without prior referral to the Council. This enables the Council to conduct procurement activities in an efficient and timely manner whilst maintaining transparency and integrity.

Council has delegated responsibilities relating to the expenditure of funds for the purchase of goods, services and works, the acceptance of quotations and tenders and for contract management activities to the CEO. The CEO has further delegated some of those responsibilities to other members of Council Staff, subject to specified conditions and limitations.

6.1.6 Internal Controls

The CEO will install and maintain a framework of internal controls over procurement processes that will ensure:

- More than one person is involved in and responsible for the authorisation and management of a transaction from end to end;
- Transparency in the procurement process;
- A clearly documented audit trail exists for procurement activities;
- Appropriate authorisations are obtained and documented;
- Systems are in place for appropriate monitoring and performance measurement; and
- A process is in place for escalation, where appropriate, of procurement matters (including procedural non-compliance) to the Executive Leadership Team, the Audit and Risk Committee and Council.

6.1.7 Risk Management

6.1.7.1 General

Risk assessments are a vital part of the procurement planning process, particularly for significant contracts. Risks will be identified for each part of the sourcing, transition, delivery, and finalisation stages of procurement. Appropriate risk avoidance and mitigation strategies will be employed whenever practicable and appropriate.

6.1.8 Endorsement

Council Staff must not publicly endorse any products or services without the permission of the relevant Director or the CEO.

6.1.9 Dispute Resolution

Where relevant, all Council contracts shall incorporate dispute management and alternative dispute resolution provisions to minimise the chance of disputes escalating to legal action.

6.1.10 Contract Management

In order to continually improve its procurement and contract management processes and outcomes, Council will evaluate and seek to improve on all aspects of procurement and contract management, in accordance with its documented procurement processes and Contract Management Guidelines.

Good contract management ensures goods, services and works are delivered to the required standards of quality and quantity as intended by the contract through:

- Establishing a system monitoring and achieving the responsibilities and obligations of all parties under the contract;
- Providing a means for the early recognition of issues and performance problems and the identification of solutions;
- Adhering to the Council's risk management framework and relevant Occupational Health and Safety and sustainability requirements.

Council contracts are to include contract management requirements commensurate with the complexity of the procurement. Furthermore, contracts are to be proactively managed by the member of Council Staff responsible for the delivery of the contracted goods, services or works to ensure the Council and therefore the community, receives value for money.

Council awards some contracts that are strategically critical and of relatively high value.

6.1.11 Demonstrate Sustained Value

6.1.11.1 Achieving Value for Money

a) Requirement

The Council's procurement activities will be carried out on the basis of obtaining value for money. This means minimising the total cost of ownership over the lifetime of the requirement consistent with acceptable quality, reliability, and delivery considerations. Lowest price is not the sole determinant of value for money.

b) Approach

This will be facilitated by:

- Achieving continuous improvement in procurement activity;
- Developing, implementing and managing processes that support the co-ordination and streamlining of activities throughout the procurement lifecycle;
- Effective use of competition;
- Using existing Council contractual arrangement or Collaborative Procurement Arrangements where appropriate;
- Identifying and rectifying inefficiencies in procurement processes;
- Developing cost efficient tender processes;
- Council Staff responsible for providing procurement services or assistance within the Council providing competent advice in terms of available products and agreements; and
- Working with suppliers to create relationships that are professional, productive, and are appropriate to the value and importance of the goods, services and works being acquired.

6.1.11.2 Sustainable Procurement

a) Sustainable procurement definition

Sustainable procurement involves decision making that has positive environmental, social, and economic impacts possible across the entire lifecycle of goods, services and works. The United Nations Environment Program defines sustainable procurement as a “process whereby organisations meet their needs for goods, services, works and utilities in a way that achieves value for money on a whole of life basis in terms of generating benefits not only the organisation, but also to society and the economy whilst minimising damage to the environment.”

b) Applying sustainable procurement in Council

Sustainability will be embedded in the Council’s work. All Council Staff will have a clear and shared understanding about what it means and how they can apply it to their procurement needs. The Council commits to applying the principles of sustainability to all of its decision-making and activities.

Council demonstrates sustainable procurement by:

- Being accountable for its impacts on society, the economy and the environment including the impacts of the organisation’s supply chain;
- Examining anticipated organisational, project and/or community needs;
- Continually improving sustainability specifications, practices, and outcomes; and
- Planning and undertaking sustainability evaluations as part of contracting activities.

c) Principles and objectives

In its Sustainable Procurement Policy as detailed in Appendix 2. Council commits to:

- Applying specific principles of sustainability to its decision-making and activities; and
- Focusing on specific Economic, Environmental and Social objectives.

The following Economic, Environmental and Social objectives have been determined in line with these principles.

Area	Principles	Objectives
------	------------	------------

<p>Economic</p>	<p>Council is committed to procurement that supports Local Business and economic diversity in the NCA. Where practicable and applicable Council will give preference to goods manufactured or produced in Australia and will actively seek quotations and tenders from Local Businesses in the Northern Region. Council's Sustainable Procurement Policy (as detailed in Appendix 2) will be underpinned by the following principles:</p> <ul style="list-style-type: none"> • Ensuring accountability and transparency; • Ensuring value for money outcomes; • Ensuring open and effective competition, and development of competitive Local Business and industry; • Fostering innovation and emerging sectors; and • Considering life cycle costs 	<p>Council's economic sustainability approach aims to:</p> <ul style="list-style-type: none"> • Achieve value for money on a whole of life (including disposal) basis, rather than just initial cost; • Consider broader life cycle impacts of products procured; • Ensure probity and accountability in the procurement process; • Commit to sourcing locally as detailed in Appendix 2; • Build relationships with Local Business and encourage procurement from them to help build their capacity; and • Increase local employment. <p><i>Appendix 2 details the policy by which Council will achieve the above objectives.</i></p>
-----------------	---	--

Area	Principles	Objectives
Environmental	<p>Where applicable Council will purchase goods, services and works that reduce air, water and soil pollution, greenhouse gas emissions, waste production, natural resource depletion and biodiversity depletion whenever they present an acceptable value for money outcome, and in some cases where they might not. Council's sustainable procurement strategies (as detailed in Appendix 2) will be underpinned by the following principles:</p> <ul style="list-style-type: none"> • Considering a product's or asset's lifecycle; • Promoting circular economy participation; • Managing demand to reduce procurement requirements; • Encouraging innovation through specifications; and • Engaging suppliers who are also committed to reducing their environmental impact. 	<p>Council's environmental sustainability and approach aims to:</p> <ul style="list-style-type: none"> • Improve energy efficiency; • Reduce greenhouse gas emissions from Council operations, capital works and supply chain; • Minimise waste generation; • Improve water efficiency; • Minimise air, water and soil pollution; • Minimise biodiversity impacts; and • Increase the use of recycled content materials to: <ul style="list-style-type: none"> ○ Reduce demand for raw materials and non-renewable resources; ○ Support the ongoing viability of the recycling and resource recovery sector; and ○ Close the loop on kerbside recycling. <p><i>Appendix 2 details the policy by which Council will achieve the above objectives.</i></p>

Area	Principles	Objectives
Social	<p>Council is committed to building stronger communities and meeting social objectives which benefit the municipality and commits to integration of measures in its procurement processes and documentation which promote improved social outcomes.</p> <p>Council's sustainable procurement (as detailed in Appendix 2) will be underpinned by the following principles:</p> <ul style="list-style-type: none"> • A thorough understanding of the socio-economic issues affecting the community; • Creation of training and employment opportunities for unemployed or disadvantaged residents and ratepayers in Council's municipality, and marginalised job seekers in Council's municipality, to address local socio-economic issues; • Promotion of equity, diversity, and equal opportunity; and • Respect for human rights, the rule of law and international norms of behaviour. 	<p>Council's social sustainability approach aims to:</p> <ul style="list-style-type: none"> • Ensure vendors do not exploit workers and provide fair wages, including inclusive business practices; • Maintain a social procurement program to increase social procurement spend across the NCA; • Ensure sourced products are accessible by all segments of the community; • Increase employment opportunities for First Nations people, people with a disability, refugees, disadvantaged people and long term unemployed; • Improve gender equity; and • Prevent, detect and remove modern slavery from Council's supply chain. <p><i>Appendix 2 details the strategies by which Council will achieve the above objectives.</i></p>

6.1.12 Build and Maintain Supply Relationships

6.1.12.1 Managing Suppliers

Council recognises the importance of effective and open working relationships with its suppliers and is committed to managing existing suppliers via performance measurements to ensure the benefits negotiated through contracts are delivered.

6.1.12.2 Supply Market Development

A wide range of suppliers are encouraged to compete for Council work. The focus for new work need not always be with the larger more familiar businesses. Other types of organisations offering business diversity include:

- Green suppliers;
- Local, small to medium sized enterprises (SMEs) and Social enterprises;
- Ethnic and minority businesses (e.g., First Nations Business); and
- Volunteer and community organisations.

6.1.13 Policy Key Linkages and Governance

6.1.13.1 Standards and Linkages

The Council's procurement activities shall be carried out to the professional standards in accordance with best practice and in compliance with the Act and applicable policies and procedures including Codes of Conduct for Councillors, Council Staff and suppliers.

Compliance will be monitored by the Council's Procurement Team and minor issues identified will be addressed by Council Staff in leadership positions. Where required, serious compliance issues will be reported by the CEO to the Audit and Risk Committee and Council.

All Council policies comply with the Victorian Charter of Human Rights and Responsibilities.

This Policy has clear linkages to a range of codes, charters, legislation and Council documents, including:

- [Local Government Act 2020](#)
- Procurement procedures and guidelines
- Purchasing and accounts payable manuals
- Codes of Conduct and associated policies
- Contract management guidelines

Other relevant legislative requirements include compliance with the [Competition and Consumer Act 2010](#), Goods Act 1958, Fair Work Act 2009, Workers Screening Act 2020, Child Wellbeing and Safety Act 2005 and the Environment Protection Act 1970 and Environment Protection Act 2017 and other relevant Australian Standards.

6.1.13.2 Policy Enquiries and Contact Details

For further information on this policy, please contact Council's Procurement Function on:

Email: procurement@merri-bek.vic.gov.au

Phone: 03 9240 1111

7. Roles and responsibilities

Who	Responsibility
All Council Staff and all persons undertaking procurement on behalf of Council.	<ul style="list-style-type: none"> • Complying with this Policy and Procurement Procedures.
Procurement Unit	<ul style="list-style-type: none"> • Administer and monitor compliance with this Policy. • Review and update this Policy as needed.

8. Monitoring, evaluating and review

8.1 Policy Review Process

In accordance with the Act, Council will review its Procurement Policy at least once during each 4-year term of the Council.

Members of the NCA will endeavour to work together to keep this Policy under review and to prepare any amendments to Section 1-4.

Any amendment to the Sections within Appendices 1, 2, 3 and 4, which is specific to individual Council can be made at any time during the 4-year term of the Council and is only required to be reviewed and adopted by the individual Council.

APPENDICES

All policy requirements contained within these Appendices Sections are applicable to Merri-bek City Council.

Appendix 1 – Merri-bek City Council Procurement Methodology Thresholds

Requirement for tenders, proposals, and quotes

Council will invite tenders, proposals, quotes, and expressions of interest from the supply market for goods, services and works in accordance with the thresholds listed below:

Procurement Threshold Incl. GST	Procurement Methodology
<\$1,000	<ul style="list-style-type: none"> • One verbal quotation or written quote. • Consideration should be given to local, social and/or First Nations suppliers depending on availability.
\$1,001 - \$10,000	<ul style="list-style-type: none"> • Obtain at least one written quotation. • Consideration should be given to local, social and/or First Nations suppliers depending on availability.
\$10,001 - \$30,000	<ul style="list-style-type: none"> • Obtain at least two written quotations. • When seeking and/ or evaluating quotes, preference will be applied to local, social or First Nations suppliers, and a minimum of one local or social or First Nations supplier must be invited, depending on availability.
\$30,001 - \$100,000	<ul style="list-style-type: none"> • At least three written quotes are to be invited from suppliers who are considered able to meet the requirements. • Where only one quote is received from those invited, value for money must be demonstrated. • Quotations process to consider sustainability principles (social, economic, and environmental). • When seeking and/ or evaluating quotes, preference will be applied to local suppliers, and a minimum of one local or social or First Nations supplier must be invited, depending on availability.
\$100,001 - \$300,000	<ul style="list-style-type: none"> • Obtain a Contract Number. • Undertake a formal Request for Quote process (at least three written quotes) by following the process within Council’s eTendering Portal. • Where only one quote is received from those invited, value for money must be demonstrated.

Procurement Threshold Incl. GST	Procurement Methodology
	<ul style="list-style-type: none"> • Quotations process to consider sustainability principles (social, economic, and environmental). • When seeking and/ or evaluating quotes, preference will be applied to local suppliers, and a minimum of one local or social or First Nations supplier must be invited, depending on availability.
> \$300,000	<ul style="list-style-type: none"> • A Public Tender Process is required for the procurement of goods, services and works where once-off or ongoing cumulative spend over the life the contract is expected to exceed \$300,000.

Procurement transactions will not be split to circumvent those thresholds.

Obtaining sufficient quotations can sometimes be difficult, e.g., if there are few suppliers for the goods, services or works being sought or where the work is highly specialised. In such a case a procurement policy exemption shall be obtained and approved in accordance with Council’s delegation. The exemption process should be followed to approve a sole or select sourcing procurement approach.

Policy exemptions should be in writing and saved to Council’s document management system.

Cumulative Spend

It is recognised that certain goods, services or works of the same or a similar kind will be purchased from the same provider under separate arrangements on a regular basis. This will give rise to cumulative spend. In those circumstances, the procurement thresholds set out above must be considered.

Appendix 2 Merri-bek City Council – Sustainable Procurement Policy

Sustainable Procurement

Council will standardise procurement activities directly impacting Council's supply chain, optimising Council's ability to identify and deliver positive sustainability outcomes (social, economic, and environmental) through procurement.

Council's supply chain has a material impact on the organisation's sustainability performance; therefore, Council has a strong focus on sustainable procurement.

To deliver on Council's commitment to sustainable procurement, Council uses procurement as an opportunity to generate social, environmental, and economic benefits. This demonstrates corporate social responsibility by taking positive action to demonstrate Council's commitment to the environment and local community, including the Victoria Social Procurement Framework.

Social and Sustainable procurement can be grouped into two broad approaches:

- Direct – Purchasing of goods, services or construction works (by Council or through the supply chain) from:
 - a. Victorian social enterprises;
 - b. First Nations businesses based in Australia;
 - c. Refugee businesses and businesses that benefit refugee communities;
 - d. Local businesses; and
 - e. other social benefit suppliers, including Australian Disability Enterprises.
- Indirect – Council using the tendering process and clauses in contracts with the private sector to seek sustainability outcomes.

Social, environmental, and economic sustainability criteria are to be considered at the planning stage of procurement and included in Council's tender documentation to achieve Council's Social and Sustainable outcomes. Environmental and social outcomes sought to be achieved through the tender may be imbedded in any tender criteria.

Social, environmental, and economic sustainability criteria are to be evaluated independently of one another and are not to be bundled into a single sustainability measure.

Priorities and Considerations:

Depending on the nature of the procurement, Council shall explore opportunities to engage suppliers who will help to achieve Merri-bek City Council's sustainability priorities and outcomes. The following economic and social priorities have been determined in line with the sustainability principles outlined in Section 6.2.13.2 of the Procurement Policy:

Priorities	Considerations
<p>Increase opportunities for those experiencing disadvantage (Disability, Youth, Homelessness)</p>	<p>Elevating the inherent 'social value' of doing business</p> <p>Increase procurement from Social Enterprises registered with Social Traders</p> <p>Employment of people experiencing disadvantage by our suppliers</p> <p>Creating new jobs and opportunities for people who may be struggling to find work</p> <p>Increasing employment and skills through training, internships, and apprenticeships</p> <p>Developing local communities</p> <p>Targeting cohorts that may be experiencing economic exclusion</p> <p>Reinvigorating depressed or marginalised communities</p> <p>Improving equity of access to opportunities</p>
<p>Increase business opportunities for First Nations people</p>	<p>Aim to increase First Nations Procurement to 1% of expenditure by 30 June 2025.</p> <p>Ensure all Council staff engaged in procurement activities have undertaken cultural safety training to increase the successful selection and engagement of First Nations suppliers</p> <p>Increase procurement from First Nations businesses including those registered with Supply Nation and Kinaway</p> <p>Increase employment of First Nations people through suppliers when appropriate</p> <p>Increase the use of First Nations Businesses as subcontractors</p>
<p>Support Safe and Fair workplaces (including recognising equality and diversity, children, and young people safety, observing core labour standards, and ensuring fair working conditions)</p>	<p>Investigate supply chain to ensure suppliers are meeting Modern Slavery Act</p> <p>Occupational Health and Safety is considered in all procurement</p> <p>Child Safety and wellbeing is considered (or included) in all procurement. Where relevant the Reportable Conduct Scheme, Child Safe</p>

	<p>Standards and Working with Children</p> <p>Checks are embedded and managed in contracts</p> <p>Ensure gender equality and diversity within supplier businesses</p> <p>Recognising equality, equity and diversity</p> <p>Observing core labour standards</p>
<p>Increase Opportunities for Merri-bek based businesses, Small Businesses and Start-ups</p>	<p>Increase purchasing from businesses located in Merri-bek municipality</p> <p>Increase generation of local employment</p> <p>Fostering innovation and emerging sectors</p> <p>Taking into account the life cycle impacts of products purchased (purchase, operation and disposal)</p> <p>Building relationships and encouraging purchasing from local suppliers, including social enterprises to help build their capacity</p> <p>Increase support for local production and manufacturing</p> <p>Adapting our internal systems to provide shorter payment terms for emerging start-up businesses to support cash flow</p>

Applying sustainable procurement in Council:

Council will consider economic, environmental, and social sustainability criteria in all purchases and will allocate sustainability evaluation criteria weighting of minimum 10% in all public tender evaluation criteria. This weighting will be allocated based on the category of expenditure and nature of the purchase unless there are strong reasons why this is not appropriate or feasible and only as agreed by relevant Director.

Council applies sustainable procurement by examining organisational, project, environmental/ economic/social and community needs for each procurement activity and by:

- Refining sustainability strategies and specifications for each procurement activity.
- Where appropriate, making selected sustainability elements a mandatory condition of the procurement activity.
- Planning and undertaking sustainability evaluations as part of contracting activities and including appropriate subject matter experts.

When engaging in procurement, Council will consider the following:

A. Social Sustainability

Social sustainability focuses on the social aspects of sustainability and social equity. Social equity addresses disadvantage and is underpinned by principles of diversity, acceptance, fairness, compassion, inclusiveness, and access for people of all abilities. A focus is also placed on people who are under-represented and with less opportunity. Socially sustainable procurement generates positive outcomes for and contributes to building stronger communities

by:

- Promoting the inherent 'social value' of doing business;
- Creating new jobs and opportunities for people who may be struggling to find work such as employment that is gender-equitable and inclusive of people with disability;
- Women's equality and safety practices such as the contractor having in place family violence and leave policies, flexible work options, gender-equitable employment, equal remuneration and promoting a workplace culture that is equitable, respectful and supportive;
- Targeting cohorts that may be experiencing economic exclusion;
- Reinvigorating depressed or marginalised communities;
- Improving equity of access to opportunities;
- Seeking value in-kind offerings that support community programs or events that provide social outcomes;
- Ensuring all businesses have the same opportunity to bid for Council business;
- Enhancing partnerships with other Councils, providers and community stakeholders;
- Exploring, where appropriate and possible, the opportunity to maximise the social benefits of a contract by offering 'social tender'; and
- Ensuring that suppliers do not exploit workers and provide fair wages, including inclusive and sustainable business practices.

Depending on the nature of the procurement, Council shall explore opportunities in engaging Social Sustainability and Social Enterprise arrangements for the procurement of goods, services and works.

Council is committed to respecting human rights and will be excluding from future contracts, tenders, or business dealings any companies involved in onshore or offshore detention of refugees and people seeking asylum in Australia.

Council is committed to ensuring Council purchases goods and services from suppliers not engaged in manufacturing, supplying, distribution, benefitting and/or associated with nuclear weapons, chemical weapons, biological weapons, landmines, cluster munitions and other weapons used in war and to harm civilians.

Example of Social Procurement Key Performance Indicators (KPIs) for Suppliers

Objectives	Outcomes	Example KPIs (these are examples only of what may potentially be assessed/negotiated with suppliers depending on the nature and value of the contract)
Opportunities for First Nations people	<ul style="list-style-type: none"> • Purchasing goods or services from First Nations businesses • Employment of First Nations people by supplier(s) to Merri-bek Council 	<p>The awarding of a contract to First Nations businesses either directly or through subcontracting.</p> <p>Supplier will attend First Nations employment expo or similar.</p> <p>Supplier will engage in cultural awareness training.</p> <p>Supplier will develop a Reconciliation Action Plan (RAP).</p>
Opportunities for people with a disability	<ul style="list-style-type: none"> • Purchasing goods or services from social enterprises and disability enterprises • Employment of people with disability by supplier(s) to Merri-bek Council 	<p>Supplier will become member of a disability employment network.</p> <p>Number of new employment opportunities created for local people with disabilities.</p>
Opportunities for disadvantaged people	<ul style="list-style-type: none"> • Purchasing goods or services from Victorian social enterprises • Job readiness and employment for including but not limited to: <ul style="list-style-type: none"> - long-term unemployed people. - single parents. - migrants and refugees. 	<p>Awarding of a contract to a social enterprise either directly or through subcontracting.</p> <p>Number of new employees from identified disadvantaged and marginalised groups.</p>

Objectives	Outcomes	Example KPIs (these are examples only of what may potentially be assessed/negotiated with suppliers depending on the nature and value of the contract)
Opportunities for local young people	Identifying and engaging suppliers who can offer opportunities to young people (aged 15 - 25) in Merri-bek, including: Job readiness and capacity building such as work experience, work placement or industry tours Apprenticeships, traineeships, internships, or cadetships. Those suppliers who commit to employment through Victorian government programs such as the Major Project Skills Guarantee or the Local Jobs First - Victorian Industry Participation Program	Number of employees who are apprentices and/or trainees. Number of work placement students engaged by supplier during contracts. Engagement with local school programs such as work experience or industry tours.
Improve gender equity	<ul style="list-style-type: none"> • Purchasing goods or services from businesses which promote the full and equal participation of women • Employment of women who experience barriers to employment by suppliers 	Attendance of supplier at family-based training and/ or education sessions, i.e., family violence, mental health, men's health. Supplier commits to develop internal policies based on gender equity and/or health and wellbeing.

B. Environmental Sustainability

To support the achievement of objectives and targets within Council's environmental strategies (in particular Zero Carbon Merri-bek, Integrated Water Management Strategy, Sustainable Council Buildings Policy, Waste and Litter Strategy and Plastic Wise Policy, and Climate Risk Strategy), Council will minimise its impact on the environment by purchasing goods, services and construction which avoid air, water and soil pollution and minimise natural resource and biodiversity depletion. Council will equally consider the environmental performance of all suppliers and contractors and encourage them to conduct their operations in an environmentally sensitive manner.

Depending on the nature of the procurement, specifications for tenders and contracts will contain sustainability requirements or performance measures as appropriate to the product or service being procured. Environmentally sustainable procurement includes but is not limited to:

- Energy/climate change: maximising energy efficiency and reducing greenhouse gas emissions, including the negative impacts of transportation when purchasing goods and services;
- Climate Risk: reporting actions that reduce climate risks, such as through reporting following the recommendations of the Task Force on Climate-related Financial Disclosure (TCFD);
- Waste and recycling:
 - a. Avoiding unnecessary consumption, reducing waste to landfill and increasing amount of waste recycled;
 - b. Prefacing the procurement of services to meet Council's needs rather than acquiring new physical assets, as appropriate;
 - c. Selecting products/services that have minimal effect on the depletion of natural resources and biodiversity (i.e., recycled content within products, no harmful toxins, avoidance of single-use plastics, etc.);
 - d. Using only 100% recycled paper and encouraging less reliance on paper in processes where applicable.
- Water and waterways: reducing potable water consumption, minimising stormwater pollution, and improving water management.

Council is committed to addressing the climate emergency and will be excluding from future contracts, tenders, or business dealings any companies involved in the Adani mine and associated rail infrastructure projects; and will be excluding from future contracts, tenders or business dealings from any companies involved in developing new coal mines.

C. Economic Sustainability

Dependent on the nature of the procurement, Council supports local businesses and economic diversity and viability by:

- Building and maintaining a strong community by exploring ways to generate local employment (particularly among disadvantaged residents and social enterprises) and further strengthening the local economy, Victorian businesses and workers;
- Weightings supporting opportunities for the local industry and suppliers may be applied where deemed appropriate by Council. The degree of available competition will vary and may be dependent upon such things as the type of project, service or goods and the number of potential suppliers;
- Increasing activity and spend in the local economy with identifiable benefits to the community (including for the Northern Region);
- Achieving value-for-money outcomes across the community through the use of effective procurement practices;
- Fostering innovation and emerging sectors;
- Building supplier capability by conducting local supplier forums and tender briefing sessions on future opportunities and tendering information;
- Networking and presence building within the municipality.

Appendix 3 Council Specific Exemptions

This section will list any additional exemptions not listed in Section 6.1.4.2(a) from tendering/RFQ applicable to Merri-bek City Council that are identified from time to time.

- State Government Registers (e.g., Construction Supplier Register) and Ministerial Approved Arrangements
- For building and construction works, where there are suitable building, and construction industry contractors or consultants on the Construction Supplier Register (CSR) maintained by the Department of Treasury and Finance for and on behalf of the State Government, staff are required to seek a minimum of three quotes (if the expenditure is expected to exceed \$30,000) from suppliers on the register in accordance with ministerial approval arrangements and applicable Procurement guidelines. Standard quotes processes then apply as outlined in the Procurement guidelines.
- Sole suppliers such as Services Authorities and their appointed contractors (e.g., water, gas, telecommunications, and electricity).
- Direct appointment of suitable First Nations businesses where the value of the expenditure does not exceed \$300,000 (excluding GST) and is considered low risk.

Appendix 4 – Other Compliance and Contract Requirements

1. Other Compliance Requirements

1.1 Child Safety and Wellbeing

Council is committed to being a child safe organisation and has zero tolerance for child abuse. All children and young people have the right to be and feel safe and their safety and wellbeing is the responsibility of everyone.

The requirement to comply with child safety requirements will form part of the procurement specifications. Depending on the nature of the services, the prospective service provider may need to provide Working with Children Checks and demonstration of the arrangements in place to meet compliance with the Child Safe Standards and Council's Child Safety and Wellbeing Policy.

1.2 Gambling Alliance Disclosure

Council is committed to reducing the negative impact of gambling on residents, the wider community, and its supply chain. Service providers will be required to disclose and confirm their involvement in the gambling industry. Service providers who are involved, associated and/or benefit either directly or indirectly from the gambling industry shall be excluded.

1.3 Modern Slavery Act 2018 (Cth) Disclosure

Council is committed to combating modern slavery in its operations and supply chain. Service providers will be required to complete a modern slavery questionnaire to demonstrate that they have processes/ procedures to reduce the risk of modern slavery in their supply chain. Service providers who do not comply will be considered being outside Council's supply chain risk appetite and shall be excluded.

2. Contract and Procurement Planning Requirement

2.1 Contract Terms

All contractual relationships must be documented in writing based on Council's standard terms and conditions. Where this is not possible, or there are departures from the standard terms and conditions, this must be reviewed by Procurement and Legal, and appropriate approval obtained from the responsible director or CEO depending on the level of delegation before signing the contract. The risks of the contract must be clearly set out when seeking approval.

To protect the best interests of Council, terms and conditions must be settled in advance of any commitment being made with a supplier. Any exceptions to doing this expose Council to risk and thus must be authorised by the responsible director or CEO depending on the level of delegation.

To minimize legal risk, only Council's standard contract templates should be used. However, where this is not possible, supplier provided agreement can be used but must be reviewed by Procurement and Legal. The contract risks must be authorised before signing the contract by the responsible director or CEO depending on the level of delegation. The risks of the contract must be clearly set out when seeking approval.

2.2 Forward Procurement Plan

At the start of each financial year every branch in consultation with Procurement is required to create a forward procurement plan for all contract purchases greater than \$100,000 (ex GST). Plans are to be approved by the responsible director and provided to Procurement by the end of the first quarter (early October).
